

Texas Duals Eligible Integrated Care Demonstration Project Nursing Facility Shared Savings Program Feedback Due April 29, 2016

BACKGROUND

As part of the inclusion of nursing facility services in managed care, Texas statute requires HHSC to financially incentivize nursing facilities to reduce preventable acute care costs and engage in transformative efforts in the delivery of nursing facility services. HHSC may only do this if it shares a percentage of the state's savings accrued through the demonstration with the nursing facilities.
